

MY AUCTION SALES

A FEW UNSOLICITED REMARKS

"Let me congratulate you on getting up so neat a catalog. I have not seen any that is more complete in everything than yours. If you were located in New York and doing the hard work you are, it would only be a short time before you could be the leading Coin man of the country."

"You have produced in your No. 2 Auction Sale Catalog, a fine descriptive work, worthy of persual by the most advanced Numismatist. It contains a few choice specimens that is a gratifying source of possession in most any important collection, and should thereby receive due consideration and competitive bidding by the fraternity."

E. W. L.

Kansas City, Mo.

"I want to say that the catalogue is well gotten up and I want to thank you heartily for the prominence you gave my stuff. I have had many pieces catalogued by about all the dealers, and never before have I had such pains taken with them, and it is a 'cinch' that if you don't get there in the Coin business it won't be because you don't try."

I KNOW

That my being "way down in Texas" is somewhat of a hindrance to my business, but I also **KNOW** that if you will only kindly give me a fair trial you will find my methods of doing business very satisfactory.

In this catalog I offer as fine lot of Coins as may be found at any market. The gems are too numerous to mention. I only ask you kindly to look through the catalog carefully and favor me with your bids for anything that may be of interest to you.

If you contemplate disposing of your collection, or part of same, kindly let me hear from you. No collection is too large nor none too small for me to handle.

Terms, reasonable. Prompt and satisfactory returns guaranteed.

Assuring you of my best attention to all favors entrusted to me, and of my appreciation of same, I am,

Yours very truly,
